GRAIN BLOCKADE

OWING TO CAR SHORTAGE

Five Steamers at Depot Harbor Waiting for Cars to Handle the Wheat

Montreal, Oct. 18.—Montreal grain men express fears that they will not be able to fill contracts for Canadian wheat abroad, owing to the slow arrival of the cereal from the West. At the present time arrivals in the port of Montreal average a million bushels per week, the larger part of which is coming in on Lake vessels. On the floor of the board of trade it was stated today by grain men that five steamers were lying off Depot Harbor yesterday awaiting an opportunity to unload. This they were unable to do owing to the elevator there being choked up with grain, which there was not sufficient cars to move quickly.

STRATHCONA COUNCIL

Will Offer large Amount of Debentures for Sale—General Items of Interest

Strathcona, Oct. 18.—The town council met last evening in the council chamber at 8 p.m. Present the Mayor and Councillors Douglas, Pollock, Richards, Cowles and Carmichael. Minutes of last meeting were read and approved on motion of Messrs Douglas and Pollock.

A deputation representing a manufacturing industry, waited on the council, soliciting free site, exemption from taxation, and loan for a number of years. The question at issue was discussed from a business standpoint. The different sites, their probable prices, their suitability to the proposed industry, their respective distances from the water mains, the means by which connections could be made to at least one line of railway for shipping purposes were reviewed and commented upon up to a late hour. The council reserved their final decision until after further consideration and the deputation withdrew.

The council then took up its regular business. Discussion followed re improvement on the B. & K. road.

Douglas and Cowles moved that offers be asked for the purchase of \$25,000 of water works debentures, on the security of the town, fifty year installment plan, interest at 4-1/2 per cent. Carried.

Mr. Crawford of Crawford & Weeks addressed the council re an option he had secured on Mr. Allan's property for 20 days. Mr. J. B. Macdonald also stated that he had an option on Mr. Risk's property for 20 days. These were acceptable and received by the council and held for further consideration.

Mr. Macdonald also addressed the council re the Westminster exhibition. He stated that the financial expenditure connected therewith was \$27,851 and that there was due from the treasurer of the exhibition the sum of \$100. This sum due with the previous grant of \$125 leaves a deficit of \$83.61. Mr. Macdonald solicited a further grant to the board of trade of \$100 in order to enable them to pay off their debt of \$83.61 and some other incidents. Messrs Douglas and Carmichael moved that the council do grant the board of trade \$100 in order to wipe out their indebtedness. Carried.

The request of the fire brigade for new suits was referred to the fire and light committee.

The council adjourned to meet again this evening.

Mr. Baker of Mannville, who for several weeks has been in the Edmonton general hospital with typhoid fever, is now in town and rapidly recovering from his late illness. Mr. Baker's farm is about 28 miles from Mannville and 3 miles from the railway. He says there is little chance of settling homesteads now near Mannville as there has been, during the past season, a large influx of settlers who have taken up the best land. He reports that considerable land has been already broken ready for wheat next year.

Soon after 6 o'clock last evening a bad break occurred in the electric power house, which plunged our town in darkness for nearly an hour.

Mr. Anderson left town this morning for Youngstown via Wetaskiwin and Camrose. He expects to return next spring.

A gang of men are busily engaged this morning excavating for the base of the new Police office on the north side of Whyte avenue.

NEW LIGHT PLANT

CANNOT GET CUSTOMERS

New Winnipeg Municipal System not Being Well patronized

Winnipeg, Oct. 18.—The civic lighting plant, erected at a cost of \$80,000, after an exciting election, when only thirty votes out of 600 were cast against it as a protest against the private corporation which had enjoyed a monopoly for many years and which had made it self most unpopular, is now ready for operation and only twenty-five applications for domestic service have thus far been secured. The plant can supply, in addition to street arc lights, six thousand domestic lamps. It was expected that the men who supported the municipal plant would be in a hurry to patronize it when ready for business.

INSPECTING PROPOSED LINE

Winnipeg, Oct. 15.—Collingwood Schreiber arrived in Winnipeg to inspect the located line of the G. T. P. from Touchwood to Edmonton to see that the route was satisfactory to the government.

AT THE CAPITAL

Ottawa, Oct. 17.—Sir Wilfrid Laurier went to Valleyfield, and tomorrow will attend Senator Fildford's funeral. From there he goes to the Parent banquet at Quebec.

Sir William Mulock received four addresses at the House of Commons today, one from the post office department, one from the mail service, one from the messengers, and one from the labor department. The house was crowded. Sir William was greatly affected over the manifestations of good feeling by the employees and spoke of his regret at leaving them and touched on breaking the tie which had existed for nearly a quarter of a century between North York and himself. He spoke from his old seat in the House and said that while positions in the service belonged to the government of the day, all promotions should be made on merit. That was the policy he had pursued.

SALE OF SCHOOL LANDS

The sale of school lands in the Edmonton district is being held today. The sale commenced in Garfield hall and adjourned to the city council chamber, owing to the large number in attendance. W. M. Ingram, is commissioner in charge of the sales. T. C. Norris, auctioneer, W. T. Rollins and J. C. Robinson clerks of sales. Mr. F. C. Potts, inspector of school lands also being present. There are 191 parcels of land for sale within a radius of 20 miles of the city, the lowest upset price being \$8.00 an acre and the best lands being as high as \$20. After reading the regulations governing the sale, Auctioneer Norris commenced the sales thus: "No. 1, south east quarter section 20, township 56, range 27, west of the 4th meridian, 99.54 acres, the upset price is \$9. What am I offered?" Sixteen different parcels were put up before a word was spoken.

When the 17th was put up the upset price being \$12, J. A. Conroy, scrip commissioner, said \$12. This awakened up the buyers and the parcel went to Conroy at \$14. He purchased the balance of the section for \$13.50, \$12.00 and \$12.00. The bidding went steadily on until a halt was called for lunch. The sale was continued afterwards in the city council chamber.

Sales will be conducted at the following places on the dates named: Leduc, Monday, October 23, Wetaskiwin, Thursday, October 26, Lacombe, Monday, October 26, Innisfail, Thursday, November 2, Didsbury, Monday, November 6, Calgary, Friday, November 10, High River, Tuesday, November 14, Pincher Creek, Thursday, November 16.

THE CAUSE OF PEACE

JAPANESE EMPEROR ISSUES

A Rescript Setting forth the Causes for Concluding Peace

Tokio, Oct. 16.—The official translation of the Imperial rescript announcing the conclusion of peace is as follows: "We have always deemed it a fundamental principle of our policy to maintain peace in the east and thus assure the security of our Empire and the promotion of this high object has therefore been our constant aim, but last year, for reasons dictated by the necessity of self-preservation, we unfortunately were forced into hostilities with Russia.

"Since the war began our army and navy have made adequate provisions for home defence, and military preparations within the Empire itself, and have withstood hardships of all kinds during their campaign abroad, and thus have achieved a glorious success.

"Our civil officials, in concord with our diet, have diligently performed their duties in furtherance of our will. All measures for the prosecution of the war, and for the administration of domestic and foreign affairs have been properly taken as the exigencies of the situation demanded.

"Our people, frugal and prudent have cheerfully borne the heavy burdens of national expenditure, and have generously contributed to the war fund, thus assisting in advancing the prestige and maintaining the dignity of the state.

"The result is due in a large measure to the benign spirit of our ancestors, as well as to the devotion and duty of civil and military officials and the self-denying patriotism of all our people.

"After twenty months of war the position of the Empire has been strengthened and the interests of the country advanced.

"When the president of the United States in the interests of peace and humanity suggested that the governments of Japan and Russia should arrange terms of peace, we accepted the suggestion and appointed plenipotentiaries to confer with those of Russia.

"The plenipotentiaries of the two countries having met and conferred frequently the Russian plenipotentiaries have agreed to the proposals of our plenipotentiaries which, having in view the objects of the war, the maintenance of peace in the east and maintained the sincerity of their desire for peace. We have examined the terms agreed upon by the plenipotentiaries, and having found them in entire accord with our will, we have accepted and ratified the treaty.

"Peace and glory thus having been secured we are happy to invoke the blessing of the benign spirit of our ancestors and to be able to bequeath the fruits of these great deeds to our posterity. It is our earnest desire to share the glory with our people and enjoy the blessings of peace with all nations.

"Russia again has the friendship of Japan and we sincerely desire that the relations of all the nations has been re-established and become cordial and intimate.

"In the state when there is no delay in the world's progress there should be no cessation of the effort to improve the administration of the nation's affairs, both internal and external. While military efficiency should be maintained in full vigilance in time of peace, it should attain such proportions in peaceful pursuits so that in equal measure with its power, the prosperity of the country may be maintained and its permanent progress insured.

"We strongly admonish our subjects against the manifestations of vain glory and pride, and command them to attend to lawful avocations and to apply all their power to strengthen the Empire."

Morrow says

"Don't CUSS the cork—use the druggist for putting in a cheap one. Morrow uses the best of everything, even corks."

THE "CATCH QUESTION"

The Toronto News comes to the rescue of Mr. Bennett with the argument that it is merely a "catch question" to ask the Conservative leader whether or not he would abolish the present school system of Alberta. This pertinent query certainly "caught" Mr. Bennett and his friends, and since its interjection these gentlemen have been quite as busy dodging corners on the school question as in cutting curves about the land clause. In his platform performances in this Province, the school issue was never the pet theme of the Conservative leader, but whenever he had in his efficacy as a vote-winner paled before the rude curiosity of his questioner at Carleton Place, even the Calgary Herald which has never been accused of a surplus of political wisdom, has taken the hint and for a week has declined to emerge from the shadows of opportune silence.

This sudden reticence was no part of the settled program of Alberta Conservatives, but the paralysis resulting from the collision between their policyless agitation and the sober sense of the electorate. Given time public opinion will settle down to a pretty accurate judgment of the merits of a party or a policy. The longer the Alberta Conservatives agitate, the more apparent it becomes that they stand for nothing but agitation. It was the public conviction of this crystallized into the so-called "catch" question which put Mr. Bennett out of talking humor. What would Bennett do? was the question which swept away the mystic verbiage and revealed to the people of Alberta the evasion and equivocation which underlies the campaign of Alberta Conservatives on the school clause.

Briefly stated, Mr. Bennett seeks election without committing himself to any school policy. His reasons for so doing are obvious. Supposing him successful he would then be in a position to manipulate the school system of the Province according to the political exigencies of his party as has been done by the Conservative Government of Manitoba. It would be in his power to grant in substance despite the law what is not now permitted in either law or practice. It would further be within his power to abolish the present system and thus open the way for an appeal to the Governor-General in council and throw the question back into the arena of Federal politics. He would thus be able to adopt whichever of two courses presented the greatest political profit and to either connive at the breaking of the law for the advantage of Alberta Conservatives or create the conditions leading to remedial legislation for the benefit of his Ottawa friends. If neither of these is Mr. Bennett's purpose, why not say so? Why this evasion when called upon to state his alternative policy?

The News to the contrary, this "catch question" is the real and vital school question in Alberta.

The primary requirements of the Alberta school system are that it be of our own making, evolved from our experience, adapted to our needs and conducive to the educational welfare of all classes of our population. Such is the system which we have today, which we have had for years and which the Provincial Government stands to maintain and develop. The educational clause adopted by the Calgary convention reads:

Resolved that this convention hereby declares its belief that the government of the new Province should maintain an efficient system of common schools in order to meet the wants of the people, and to extend to the children of all classes of the population an equal opportunity to obtain a good primary education, that this system should receive liberal financial assistance from the government revenues, and that all schools receiving such assistance and supported by taxation should be subject in every particular to the direct and continued supervision, regulation and control of the Provincial department of education.

Provision is made here for the development of the present system to meet the needs of the Province along the lines of absolutely non-sectarian teaching and absolute state control. In these foundation principles of the school system Liberals openly avow their faith and in defence of them will continue to stand as they have stood in the past. Along these lines the Provincial Government is pledged to conduct the school system of the Province making all allowance necessary for the financial needs of that system and maintaining its efficiency at all times and in every way.

That this system may be guaranteed beyond the designs of needy politicians, Provincial and Federal, it is necessary that what has been attained in practice and what has been established in principle be safeguarded by constitutional enactment. Only by incorporating in definite terms in the Provincial constitution the principles which have been established in the school system, the manner in which those principles shall apply and the limits which shall not be contravened can the system be assured against the uncertainties of the future. For this assurance Alberta Liberals stand, not as apostles, but as champions. The principles which are thereby safeguarded are the principles which Liberals have fought for and for which they stand today in condemnation of the proposal to leave them to the discretion of the party which has denied and disregarded and trampled them.

For 33 Years

Shiloh's Consumption Cure, the Lung Tonic, has been before the public, and this, together with the fact that its sales have steadily increased year by year, is the best proof of the merit of

Shiloh

as a cure for Coughs, Colds, and all diseases of the lungs and air passages. Those who have used Shiloh would not be without it. Those who have never used it should know that every bottle is sold with a positive guarantee that, if it doesn't cure you, the dealer will refund you your money for it. Shiloh.

Has Cured

thousands of the most obstinate cases of Coughs, Colds and Lung troubles. Let it cure you.

"Last winter I coughed for three months and thought I was going into Consumption. I took all sorts of medicines, but nothing did me any good until I used Shiloh's Consumption Cure. Four bottles cured me. This winter I had a very bad cold and was able to speak, my lungs were sore on the inside and back. Six bottles of Shiloh made me well again. I have given it to several people and every one of them have been cured."—D. Joseph, St. Hyacinthe, Que.

LOWER FREIGHT RATES

Under this heading the Mail and Empire produces the following editorial which is not more notable for treatment of the subject with which it claims to deal than for the incidental side-light thrown upon the tariff policy for which the Mail and Empire stands.

"The marked reduction which the Canadian Pacific Railway Company has made in its tariff on west-bound freight will be of benefit to its own business, and will materially assist the trade of manufacturer and jobbers in Ontario and Quebec. Twelve per cent of the former freight charges is a substantial concession, but it is not more than what is needed to strengthen the shippers of Eastern Canada in their competition with those of the manufacturing centres in the United States.

"The latter have made great progress in our western market. They sell stoves, nails, fence wire, binder twine, farm implements and machinery, vehicles, harness, household articles, paper goods, hardware of all kinds, and innumerable articles classified as sundries. Representatives of United States houses travel in Western Canada or locate there as agents as they do in their own country. Very intimate trade relations have been established in that region by our enterprising neighbors. They are attentive to all details, being anxious to forward parts of machinery required to repair the result of an accident or of wear and tear. Some of those pushful Americans extend credit, quite liberally, and try to attach trade by carrying accounts as our Ontario traders have always done for the accommodation of the West. No doubt the very large influx of settlers from the other side of the line has exercised an influence on the sale of American goods. Brands and specialties to which they had become accustomed before they came to Canada they will still be induced to put the same in stock. But the large trade connection could never have been built up had the shippers of the United States not enjoyed special advantages that had no relation whatever to the merit or the popularity of their wares. One advantage is that of low customs duties. On some of the staple manufactures sold largely in the Canadian West there is no duty whatever. Barbed wire is one of these. On few of the articles which make up the bulk of the West's purchases, is the duty adequate for protection. The anti-dumping duty is less effective there than in Eastern Canada, for its ad valorem rates are based on prices which do not include the cost of transportation from the point of production in the United States to the point of distribution to the Canadian West. Goods made in Pittsburgh and forwarded to Minneapolis are quoted and invoiced to Canadian customers by distributors in the latter city at the price that would have been charged from Pittsburgh. When the duties did put some obstacle in the way of exporting to Canada the railways compensated the shippers in some measure by conceding low freight rates. They carried goods to the Canadian border very cheaply. In this way the roads from Chicago and Minneapolis have contributed to the increase of United States trade in the Canadian West.

"With the defects of the Customs tariff which have been so helpful to American shippers the Canadian Government alone can deal. But the freight advantages these shippers have enjoyed can be made relatively less if our railways make reductions on Canadian goods. This is what the C. P. R. has done. It has eased its charges by 25c to 40c per hundred pounds. The change will tend to put Canadian manufactures on a better footing, enabling them in some measure to displace American goods. No so far as I have this effect it will swell the westbound business of the C. P. R.

WINNIPEG MARKETS

[From the Commercial]

In the Winnipeg market, Manitoba wheat has been active and lower, and prices have declined 2 to 3c per bushel on the week except for 1 hard which is only 1-2c lower. Deliveries by farmers at country points are about a million bushels daily and shipments to terminal elevators fully half that quantity daily. The pressure of so much wheat on the market at once depresses prices, however, and dealers have to consider the probability of early blockades, and elevators filled with wheat, waiting for cars to move it. Today's prices are—1 hard, 75c; 1 northern, 75-3-4c; 2 northern, 74 1-4c; 3 northern, 72 1-2c; spot or past Winnipeg and the option market, futures closed, October, 75c; November 74 1-2c; December, 73 3-4c; and May 78 1-2c. All prices are in store Fort William and Port Arthur.

Oats are moving slowly, out of farmers' hands. The market for oats is firm, but demand is not urgent. The quality of the new crop is high, car inspection being mostly No. 1 white. Prices are: No. 1 white, 30 1-2c; No. 2 white, 29 1-2c; in store Fort William or Port Arthur. Barley is in good demand at 36c for No. 3 and 35c for No. 2 in store and Fort William and Port Arthur. Flax is also in good demand and firm. The movement is on a small scale yet, and prices are 97c, No. 1, northwestern; 95c, No. 1, Manitoba, and 91c rejected, in store Fort William and Port Arthur.

SHERIFF'S SALE

Northwest Territories, to wit: By virtue of a Writ of Execution issued out of the Supreme Court of the Northwest Territories, Northern Alberta Judicial District, at the suit of The Imperial Bank of Canada, Plaintiff, and Charlotte Twyford and Hugh A. W. Twyford, Defendants, and to me directed against the Lands of Charlotte Twyford and Hugh A. W. Twyford, I have seized and taken in Execution the following Lands, namely:

Fit-Reform

You Can Depend On The Correctness Of Fit-Reform Styles

Collars, lapels, shoulders, sleeves, pockets—in fact every inch of a Fit-Reform coat is absolutely correct.

Every style of distinction—made in patterns that are exclusive—is shown in Fit-Reform garments.

The "REGAL"—single and double breasted coats—are quite the hand-somest things in Sack Suits shown this season.

\$15, \$18, \$20

This trademark identifies every genuine Fit-Reform garment.

Look for label with trademark and price as fixed by makers.

The only Fit-Reform Wardrobe here is at J. H. Morris & Co., Edmonton.

WORK WILL BE RUSHED**ON LAKE SUPERIOR BRANCH**

Construction Work on G. T. P. Branch
Begun at Fort William

Fort William, Oct. 18. — Timothy Foley, the senior member of Foley Bros. and Larson, arrived today to witness the beginning of construction of the Lake Superior branch of the Grand Trunk Pacific. Foley said that more than five hundred men will be employed and that work on the first hundred miles will be rushed to completion.

COMPETITION THE CURE
(Byopeners)

As for the other commodities which you purchase at stores, — complaints about high prices are invariably met by the merchants with a clever monologue, sketch and song and dance about the exorbitant freight charges of the C. P. R. This certainly may have something to do with it, especially as the impending railroad competition up north has already resulted in the reduction of first second and third class freight rates from Montreal and other eastern points to Edmonton via the C.P.R. by thirty, forty and fifty per cent.

Thus the cost of living at Edmonton, which was always somewhat less than at Calgary, now away down to the most desirable live-and-let-live basis.

Needless to say this wholesale reduction in freight rates does not apply to Calgary. Staple commodities and the necessities of life are now shipped from the east right through Calgary and hauled up to Edmonton at a cheaper rate than they are to Calgary itself. This is the immediate result of railroad competition. What then is the remedy for our poor devils down here?

The remedy is obvious. Encouragement must be given to and no obstacle placed in the way of the Jim Hill lines entering Alberta from the south. If the present outrageous cost of living in Calgary is due as the merchants would have us believe, to exorbitant freight rates on the C.P.R., then it is apparent that the one and only way to secure reasonable prices in our stores is to invite competition from a rival road.

MISCELLANEOUS**INAUGURAL CELEBRATION COMMITTEE.**

The affairs of this committee will be wound up, and the books and accounts closed, on 31st October next. All accounts must be in the secretary's hands before that date.

F. T. FISHER, Secretary.

REVILLON BROTHERS, LIMITED.

ONE OF THEM

Mr. J. Lockie Wilson who has been imported by Mr. Haultain to help out the Conservative cause in Saskatchewan has a reputation in Ontario.

The incident is on record in the Kingston Whig of December 31, last, as follows:

At J. S. Gallagher's Conservative meeting at Vernon a sensation developed, and it was J. Lockie Wilson, the professed friend of the farmers, but more correctly the friend of J. Lockie Wilson, that had to bear the brunt of some of his actions being brought home to him. Howard W. Reynolds, the Franciscan Liberal candidate, attended the meeting as an interested spectator. He was espied by Mr. Gallagher, who cordially invited him to speak. Mr. Gallagher spoke of the kind feelings that existed between himself and Mr. Reynolds. The latter said he didn't care to take up time at Mr. Gallagher's own meeting. Mr. Wilson also asked Mr. Reynolds to speak. The former had delivered an address, in which he repeated his denial that he had an interview with the Toronto Globe editor, and had sought his help to get an appointment on the Railway Commission.

Mr. Reynolds on being pressed to speak arose and asked these questions:

Mr. Reynolds—"Did I understand you to say that Sir Wilfrid Laurier promised to appoint you to the Railway Commission?"

Mr. Wilson—"That's what I said."

"Did I understand you to say the Globe editor's statement was false?"

"That's what I said!"

"Did I understand you had never asked for an office?"

"That's what I said!"

Mr. Wilson then arose and told the audience what a decent man Mr. Reynolds was. He was the fairest candidate he ever met on a platform for he asked him these questions to his face and did not go behind his back. But Mr. Reynolds said he wasn't through, and here ensued the funny sketch.

Mr. Reynolds—"If there is a letter in existence, dated November 15th, 1903, written to a certain gentleman, and signed J. Lockie Wilson, asking him to use his influence to get Mr. Wilson appointed to the Railway Commission, is that signature a forgery?"

Mr. Wilson was staggered for an instant and would neither confirm nor deny the statement.

Mr. Reynolds—"If another letter is in existence dated November 23rd, 1903, and signed J. Lockie Wilson, asking a certain gentleman to get J. Lockie Wilson an appointment, is the signature a forgery?"

Mr. Wilson—"Have you those letters?"

Mr. Reynolds—"No, but I'm simply asking you if they are genuine?"

Mr. Wilson—"Gentlemen, here's a man who comes here and makes insinuations about letters which he says he hasn't got. Can Mr. Reynolds produce those letters?"

Mr. Reynolds—"Yes I can get them tomorrow."

Mr. Wilson—"Where are they?"

Mr. Reynolds—"On file in the office of Joseph L. Haycock, in Kingston."

The effect of this statement upon Mr. Wilson was dramatic. He squirmed, and did not know what to say for an instant. Then he drew out of his pocket his reply to Mr. Macdonald, the Globe editor and read it to the audience, which sat in an amazed condition.

Mr. Reynolds—"But that is no answer to my questions. You have not told us about the letters I mentioned. If I was to say that you made an arrangement with Ben Folger that if he would scratch your back, you would scratch his, or in other words, if you offered to assist him in getting a position on the G.T.P. commission, a position on the G.T.P. commission, if he used his influence to get you on the Railway Commission, what would you say?"

Mr. Wilson—"I never met Mr. Folger."

Mr. Wilson—"Well, if there is a letter in existence written to B. W. Folger and another to another gentleman, asking him to see Mr. Folger in your behalf, and signed J. Lockie Wilson, are they forgeries?"

Mr. Wilson—"Gentlemen, what has this got to do with the meeting, I'm not the candidate."

Mr. Reynolds—"Well you invited me to ask questions and I have done so. You came here posing as the friend of farmers, but I say you are speaking in this campaign from selfish motives. Because you didn't get an \$8,000 position at the expense of the country, you have become a sore-head."

To this Mr. Wilson never replied. Mr. Reynolds moved a vote of thanks to Mr. Wilson for his address, another grit seconded it, and the meeting adjourned with marked quietness.

TENDERS.

Tenders are invited for all trades in connection with the erection and completion of a stable on Fourth street. All tenders to be delivered at the offices of the undersigned by 12 o'clock noon on Saturday next, Oct. 21st. The lowest or any tender not necessarily accepted.

POLITICAL

The Macleod Gazette opines that some Liberal arguments would make a cat laugh—whereas the Gazette laughs.

The Calgary Herald wants to recommend a kindergarten to improve the Bulletin's mathematics. The Bulletin would be pleased to recommend a course in Sunday school to improve the Herald's language.

The decadence of the Provincial strife party is putting a sombre countenance on its journalistic friends. The Strathcona Chronicle regales its drooping spirit with three columns of Wm. Bennett's poetry and omits in toto the platitudinous prose of R. B. Bennett, Esq.

THE THREE SILENCES

(Calgary Alberta)

The Calgary Herald and the larger part of the Conservative party are absolutely silent upon the second plank in the Conservative platform and have, seemingly, abandoned that part of the fight.

The Conservative party, including R. B. Bennett and the Calgary Herald, have abandoned John W. Hayes, the candidate in Gleichen. The Herald refers to the disqualifications of the Gleichen Conservatives and Mr. Bennett, when speaking in the very heart of the Gleichen constituency, refrains from mentioning the name of his candidate.

The Conservative party, including Mr. Bennett, has nothing to say about the position they would take upon the subject of additional railway competition for Southern Alberta.

MARCELLUS THE MAN.

Blairmore Times: As our representative in the first legislature of Alberta, it is imperative if the interests of the riding are to be properly protected, that we have a man of business ability and with sufficient interests in the riding to make the riding's interests his own interests. Such a man we have in John P. Marcellus, who if elected, and elected he should be, will not only be in a position to understand the needs of the riding but can be depended upon to see that the riding as a whole receives a fair deal at the hands of the Government. We cannot afford to send a man with a theory, as it is actual conditions that will have to be met with and only a man familiar with and having an interest in the country can fill the position satisfactorily to the people here.

Don't let the children get the Calomel and "Liver pill" habit. Give them the natural laxative that is gentle and effective, pleasant to take, never gripes, and CURES constipation—

Abbey's Effervescent Salt

AT ALL DRUGGISTS, 25c AND 60c A BOTTLE

Pharaoh Cigar.

As soon as it arrives at my factory I place it in humidors built for the purpose. The tobacco is kept here for from two to three years at a temperature and humidity which as nearly as possible correspond with the climatic conditions of the Island of Cuba.

This treatment thoroughly matures the leaf, removes the injurious "gum," and develops the rich flavor of the tobacco.

This is one reason why my Pharaoh cigar has so delightful an aroma, and leaves a pleasant taste in the mouth.

I carefully watch every step taken in the production of my Pharaoh cigar so I secure a steady, even combustion and a cool, sweet smoke.

None genuine unless branded "Pharo."

MANICARACUA LEAF 1904

The very best tobacco that ever came out of Cuba can be so spoiled in the factory that it will taste like a rank weed. It is a most sensitive leaf, and will absorb and become flavored with anything that it comes in contact with.

For this reason I give my personal attention to every shipment of tobacco for my

SOME MEN ARE RICH

In Edmonton today because they had foresight enough two or three years ago to buy property which, as the city grew, advanced rapidly in value. Some of them were laughed at—people called them fools—but two short years has abundantly proved the correctness of their judgment, and they are reaping the reward of their faith in the city.

The growth of the city during the past two or three years has been great, but, compared with the growth of the next two or three years it will be but as the dawn of day compared with the splendor of the noon-day sun.

You have the opportunity now to do as some few did in the past.

The Groat Estate

is now on the market at prices which will look small—very small, indeed—in the very near future. The city is growing westward rapidly and ere long this estate will be the choice residential part. No part of this estate is more than two miles from the very centre of Edmonton today—in five years it will be in the very heart of the city.

There are 500 lots—50 x 150 ft.—to be sold on easy terms—one-third cash, and the balance in six and twelve months, without interest. There will be no taxes to pay for over a year.

History Repeats Itself

You can buy from two to ten lots for the same money which it will take to purchase one in the present settled part of the city. Those who sow a few dollars now will reap a rich harvest in the not-far-distant future. Don't miss the chance now—TODAY—and have to say in a year: "What a fool I was that I didn't purchase a year ago." Somebody is going to make money on this estate—why not have a share of it?

R. grounds, \$2500; Alberta Milling Co., elevator for storage purposes, east side of Third street, between Columbia and Vermillion, \$5,000; C. Powell, dwelling, west side of Namoo, between Clark and Boyle, \$2000; W. W. Lyons, stable, east side of Queen's avenue, between Sutherland and Clark, \$1000; G. C. Porter, addition to dwelling, west side of boundary avenue, between Clara and Boyle, \$200; John Mitchell, dwelling, east side of Seventh street between Athabasca and Peace, \$1800.

ENTHUSIASTIC LIBERAL RALLY

A Liberal rally was held in the Young Men's Liberal Club rooms, above W. J. Walker's store last evening. The rooms were packed by eager listeners who thoroughly enjoyed the addresses given by J. R. Boyle, O. M. Edgar, Dr. Forin, and Attorney-General Cross. Great enthusiasm was manifested throughout, the feeling being evident on all sides, that the Liberal party would be eminently successful in the coming fight. The meeting closed with three ringing cheers for Attorney-General Cross and the Liberal Government.

FOSTER'S FORECAST

Washington, Oct. 16.—Last bulletin gave forecast of disturbance to cross continent 15 to 19, warm wave 14 to 18, cool wave 17 to 21. Next disturbance will reach Pacific coast about 20, cross west of Rockies by close of day 24-242 pd

21 great central valleys 22 to 24, eastern states 25. Warm wave will cross west of Rockies about 26, great central valleys 22, eastern states 24. Cool wave will cross west of Rockies about 23, great central valleys 25, eastern states 27. This disturbance will come with high average temperatures, following a period of very cool weather. It will not be of any considerable force west of the Mississippi, but following 23 its intensities will largely increase. By 26 there will be an important disturbance and by 27 a furious storm on the Atlantic coast or out on the Atlantic ocean. About 27 the next disturbance will be on the Pacific slope, its features will all be intense and the weather bureau will hang out its storm warnings. The cool wave of this disturbance, crossing continent 23 to 27, will not bring very low temperatures. Immediately following 14 the week will average very cool and killing frosts will catch northern part of the cotton belt.

Very cool weather last week in September with northern frosts was a good forecast. The moderate tropical storm, last days of September, on our Atlantic coast was another good forecast. That frost and tropical storms come together and have a close relation to each other was verified during the closing day of September. The frosts that will come between 14 and 21 will put corn and cotton in good condition for gathering and picking, and it will be found that these bulletins were about correct in their estimate of these crops for 1905.

GALICIAN POETRY

[E. W. Thompson in the Free Press] How the Galicians, whether they be German, Polish or Russian, feel towards their new country may best be told by their own poet. Edmonton and the surrounding regions knew him only as Michael Gowda, interpreter to the Bellamy Agricultural implement Co., and a very keen elevator stump speaker at election times. He was a school teacher in Galicia, and has been out here, after escaping from the Austrian army, some eight years. Michael has translated "Satan bound" and twenty more of Whit-tier's poems into Russian verse. He is engaged on an extensive translation into English prose of the popular poet of his Slav countrymen. Moreover, he is, unless I mistake, a genuine poet himself. Here is a rough verification, made by myself, from his prose English translation of his poem to Canada:

O free and fresh-homed Canada, can we
Born far o'erseas, call thee our
country dear?
I know not whence nor how that
right may be
Attained through sharing blessings
year by year.
We were not reared within thy broad
domains,
Our fathers' graves and corpses lie
afar.
They did not find for freedom on thy
plains,
Nor we pour out our blood beneath
thy star.

Yet we have Liberty from sea to sea,
Frankly and true you gave us man-
hood's share,
We who like wandering birds, flew
hopefully
To gather grain upon thy acres
fair.
From ancient worlds by wrong op-
pressed we swarmed
Many as ants, to scatter on thy
land.
Each to the place you gave, added un-
harned,
And here we fear not Kings nor
nobles grand.

And are you not, O Canada, our own?
Nay, we are still but holders of
thy soil.
We have not bought by sacrifice and
groan
The right to boast the country
where we toll.
But, Canada, in liberty, we work till
Death.
Our children shall be free to call
these theirs.
Their dear land, where, gladly
drawing breath,
Their parents found safe graves,
and left strong heirs.

To homes and native freedom, and
the heart
To live and strive, and die if need
there be.
In standing manfully by Honor's part
To save the country, that has
made us free.

They shall as brothers be to all the
rest,
Unshamed to own the blood from
which they sprang,
True to their Fathers' Church, and
His behest,
For whom the bells of yester
Christmas rang.
—Michael Gowda, Edmonton, 1903.

Monkey Brand Soap removes all stains,
rust, dirt or tarnish—but won't wash
clothes.

THE ART ROOM
LUBBOCK & MOFFAT

No roughened, chapped hands if Life-
buoy Soap is used. It's as healing as it
is cleansing.

AN ORGAN SNAP

Splendid Organ, made by Dyer Bros., St. Paul. 6 Sets of Reeds, and
action accessories. Tone very full and resonant, but exceedingly sweet.

\$50 00, original price \$200 00
